20 Maret
March 20

Presiden Republik Indonesia, Bapak Prabowo Subianto telah menetapkan salah satu anggota Holding BUMN Danareksa, yakni Kawasan Industri Terpadu Batang (KITB) sebagai Kawasan Ekonomi Khusus (KEK) Industropolis Batang. KEK ini juga merupakan KEK milik BUMN terbesar di Indonesia dengan nilai investasi diproyeksikan mencapai Rp133,8 triliun dan percepatan penyerapan lebih dari 240 ribu tenaga kerja dalam satu dekade ke depan.

Dengan status sebagai KEK, KITB menawarkan berbagai insentif yang menarik bagi investor, seperti keringanan pajak, kemudahan perizinan, dan infrastruktur yang terintegrasi. Hal ini diharapkan mampu meningkatkan daya tarik Indonesia sebagai destinasi investasi yang kompetitif di tingkat global. KITB juga dirancang untuk menjadi kawasan industri berkelanjutan dengan konsep ramah lingkungan, mendukung upaya pemerintah dalam mewujudkan pertumbuhan ekonomi yang hijau dan berkelanjutan.

The President of the Republic of Indonesia, Mr Prabowo Subianto, has officially designated one of the members of the Danareksa SOE Holding, namely the Batang Integrated Industrial Estate (Kawasan Industri Terpadu Batang – KITB), as the Batang Industropolis Special Economic Zone (SEZ). This SEZ is also the largest SOE-owned SEZ in Indonesia, with projected investment value reaching Rp133.8 trillion and the potential to accelerate the absorption of more than 240,000 workers over the next decade.

With its SEZ status, KITB offers various attractive incentives for investors, including tax incentives, streamlined licensing processes, and integrated infrastructure. This is expected to enhance Indonesia's attractiveness as a competitive global investment destination. KITB is also designed as a sustainable industrial estate with an environmentally friendly concept, supporting the Government's efforts to promote green and sustainable economic growth.

Wakil Menteri BUMN, Bapak Dony Oskaria, didampingi oleh Direktur Utama PT Danareksa (Persero), Bapak Yadi Jaya Ruchandi melakukan kunjungan kerja ke Pelabuhan Batu Ampar dan Bandara Hang Nadim, dua infrastruktur strategis di Kota Batam. Kunjungan ini menjadi bagian dari langkah nyata Kementerian BUMN dalam mempercepat modernisasi infrastruktur logistik nasional dan memperkuat posisi Batam sebagai hub perdagangan dan konektivitas internasional.

Kehadiran Danareksa dalam agenda ini menegaskan komitmen perusahaan sebagai Holding BUMN yang berperan aktif dalam transformasi pengelolaan aset dan tata kelola kawasan. Melalui sinergi dengan BP Batam dan pemangku kepentingan lainnya, Danareksa turut mendorong percepatan pembangunan kawasan melalui optimalisasi aset strategis negara.

The Deputy Minister of State-Owned Enterprises, Mr Dony Oskaria, accompanied by the President Director of PT Danareksa (Persero), Mr Yadi Jaya Ruchandi, conducted a working visit to Batu Ampar Port and Hang Nadim International Airport, two strategic infrastructures in Batam City. This visit formed part of the Ministry of SOEs' concrete efforts to accelerate the modernisation of national logistics infrastructure and strengthen Batam's position as an international trade and connectivity hub.

Danareksa's presence in this agenda underscores the Company's commitment as an SOE Holding that plays an active role in transforming asset management and estate governance. Through synergy with BP Batam and other stakeholders, Danareksa continues to support the acceleration of regional development through the optimisation of strategic state assets.

Transformasi Batu Ampar: Batam Menuju Hub Logistik Global

Batu Ampar Transformation: Batam
Towards a Global Logistics Hub

29 April
April 29

Holding BUMN Danareksa terus menunjukkan komitmennya dalam mendukung agenda strategis Kementerian BUMN melalui transformasi infrastruktur logistik nasional. Salah satu langkah nyata tersebut adalah pengembangan Terminal Peti Kemas (TPK) Batu Ampar yang sejak diluncurkan pada 2023 telah menghasilkan capaian yang signifikan.

Proyek ini mencatat peningkatan produktivitas hingga 500%, disertai dengan penurunan biaya logistik sebesar 57%, serta perluasan jaringan konektivitas global yang kini mencakup 20 pelabuhan internasional. Hasil ini menandai keberhasilan Danareksa dalam memperkuat rantai pasok dan memperluas peran Indonesia dalam ekosistem logistik global yang efisien dan terintegrasi.

Kegiatan pelepasan Kapal MV Ever Core menuju China menandai direct call ketiga dari TPK Batu Ampar, memperkuat Batam sebagai simpul logistik strategis yang kompetitif. Ke depan, Danareksa menargetkan peningkatan kapasitas terminal hingga 2,1 juta TEUs, menjadikan Batu Ampar sebagai transshipment hub utama Indonesia yang mendukung efisiensi rantai pasok nasional dan meningkatkan daya saing Indonesia di panggung perdagangan internasional.

Danareksa SOE Holding continues to demonstrate its commitment to supporting the strategic agenda of the Ministry of SOEs through the transformation of national logistics infrastructure. One tangible initiative is the development of the Batu Ampar Container Terminal (TPK), which, since its launch in 2023, has delivered significant achievements.

The project has recorded a productivity increase of up to 500%, accompanied by a 57% reduction in logistics costs, as well as the expansion of global connectivity networks now covering 20 international ports. These results mark Danareksa's success in strengthening supply chains and expanding Indonesia's role within an efficient and integrated global logistics ecosystem.

The departure of MV Ever Core to China marked the third direct call from the Batu Ampar Container Terminal, further solidifying Batam's position as a competitive strategic logistics node. Going forward, Danareksa targets increasing terminal capacity to 2.1 million TEUs, positioning Batu Ampar as Indonesia's primary transshipment hub to support national supply chain efficiency and enhance Indonesia's competitiveness in international trade.
